

2003

LEGEND

**PAGE
MISSING**

**PAGE
MISSING**

Congratulations To The Class Of 2003

With the successful completion of your high school experience, you have demonstrated a measure of determination and perseverance. Both of these characteristics will stand you in good stead as you continue to prepare yourselves for entry into the highly competitive global workforce of this new millennium.

As students you have worked hard to overcome obstacles, enjoyed laughter and friendship, suffered through tears and disappointment, and finally arrived at this momentous day. Be mindful that this is not the end, but the continuation of a journey towards success. I am hopeful that your journey will be filled with promise, happiness, and achievement. I hope Weequahic has prepared you well, while instilling in you the importance of setting goals and working diligently to achieve those goals.

Strive for balance in your life. If you want the best work for it. If you see someone in need of help, extend a hand to assist them. If someone helps you remember to stop and thank them. In situations where you take, always try to give back. Avoid the temptation to allow greed and good times to dominate your life.

You are our future. Legacies of I.P.(Indian Pride) achievements are legendary. The faculty and staff of Weequahic High School are depending upon you to build on those legacies, and to go forward to achieve more and inspire more young people to be great.

Sincerely,

Ronald R. Stone, Lead Administrator

The Academy Of Fine Arts And Business

“Where the Arts and Business design the future”

Mission Statement

The Academy of Fine Arts and Business is dedicated to inspiring the minds, hearts and spirits of our students to achieve their greatest potential. It is the academy goal to nurture skills and talents with respect for our diverse range of learning styles. Our creative and professional programs offer college preparatory academic achievement, and accelerated, innovative Education - to - Career programs in the arts and business. We are committed to providing students with a program designed to prepare them for the competitive challenges of a diversified and global business community. This will be accomplished through two distinct pathway offerings, Fine Arts Production and Business Management.

NINTH GRADE SUCCESS **ACADEMY**

STUDENT CENTERED... SUCCESS DRIVEN

MISSION STATEMENT

The mission of the Ninth Grade Success Academy is to enable our students to compete in a global information- based society.

The students we prepare will be able to solve real problems, reason effectively, and make logical connections.

We will foster an enviornment that nurtures the well- being of social skills. Students' interests, talents, and creativity will be cultivated so that our students can reach a place in society which offers an opportunity for work, advanced education, and a positive role as a viable citizen.

Academy Of Political And Urban Leadership Studies

The Urban Leadership Studies Academy has at its core the foundation to prepare students for positions in public service in the 21st Century. The academy will foster confident, intellectually viable, and articulate students with political awareness and social consciousness. The academy will instill an understanding of the political and social issues that shape their individual lives, as well as their civic responsibilities. Students will be equipped to assume leadership positions in their communities and beyond.

Some of the goals of the academy include the development of critical thinking skills, conflict resolution, problem solving, and self-direction and management. The academy will also attempt to prepare students for immediate entrance into public service positions of the productive, viable, and responsible citizen.

The *PULS* Academy is divided into two Pathways. The Urban Leadership and Communications pathway provides students electives in the 11th and 12th grade provides students the opportunity to elect such courses as journalism, drama and public speaking.

Welcome to the Twilight Zone

Twilight Mission Statement

The administration staff, and community of the Twilight Program believe that All Children Can Learn. Therefore, we accept the responsibility of providing an atmosphere whereby each student will be given the opportunity to procure the knowledge and skills necessary to participate independently in Democratic society. Educated and literate people contribute toward the preservation of democracy and the elimination of student self-esteem while fostering academic achievement. The accomplishment of these responsibilities will come about through cooperative planning and implementation.

The Struggle

In the dictionary the word "struggle" means to make great efforts with the body and or to work hard against difficulties. How does that definition apply to our everyday lives? It's obvious. Our generation is the "struggle". We have to be one step better than all of the rest. We have to fight one step harder, and yet be one step wiser. Drugs, Peer Pressure, Alcohol, and Gangs consume us. We are not aware of our place in life and are not sure of who we are as a people. We've lost so many to drugs and violence. Our generation likes to live the street life, but a word from the wise; it'll catch up to you, swallow you whole, and then spit you back out. My message to you is simple: find out who you are, figure out where you want to go, and then go. Don't let society's predictions stop you. Don't let anyone stop you and don't believe that you can't get where you're going. Know that the world is much bigger than Newark, NJ. Know that you have a place and that your life is meaningful. Know that your self value can never be bought. And know that you will go through things and face many challenges. Once you know these things, you will always be one step ahead of the game.

Nichelle Tolliver

Senior Class President
